**About This Guide...**

This maintenance guide indicates the scheduled maintenance required for your Hyundai vehicle. The services listed are the same operations included in the Vehicle Maintenance Requirements section of your Hyundai Owner's Manual. To ensure that you receive the greatest number of miles of satisfying operation from your Hyundai, certain maintenance procedures must be performed. It is your responsibility to have these maintenance procedures performed to comply with the terms of the warranties covering your new Hyundai. Please note that the recommendations listed in blue type in this guide are Dealer Recommended Services. Some of these services may exceed Hyundai factory requirements. These dealer suggestions are based on the driving conditions that exist in your local area and the belief that your vehicle will benefit from additional routine maintenance.

**Appointments**

Appointments are not necessary, but if you prefer, please call (360) 452-6822 or visit us online at [www.ruddellautomall.com](http://www.ruddellautomall.com) to schedule a time and day that is convenient for you.

**Early Bird / After Hours Drop-Off**

As a courtesy to our customers there is an early bird/after hours drop-off box located at the shop main door.

**Shuttle Service**

A shuttle service is available for your convenience to your home or place of work within a 25-mile radius.

**Loaners**

Loaner cars are available, with advance reservation and Loyalty Card, for customers having major services performed. Restrictions apply, ask your Service Advisor for more details.

Genuine Hyundai Service and Parts

**Here are 500 more reasons to follow this guide:**

**\$500 CERTIFICATE**

Five hundred dollars additional trade-in value

Name \_\_\_\_\_

VIN \_\_\_\_\_

This offer is only valid at Ruddell Hyundai. \$500 is good toward your trade-in when all services are performed at and verified by Ruddell Hyundai. May not be combined with any other offer. Must be presented at time order is written.

Not redeemable for cash. Redemption value not to exceed \$500

# Parts and Accessories

So far, your Hyundai vehicle has been perfect. Why stop now?

**Hyundai Accessories** deliver the fit, reliability and performance you want. They also are covered by your factory warranty, giving you peace of mind to go along with great looks.

Does your Hyundai vehicle deserve anything less?

**Hyundai Accessories** will enhance the experience of owning your Hyundai. A visit to the **Parts and Accessories Department** is well worth it.

Perhaps there is a particular accessory that will make your Hyundai vehicle more personalized.

How about a gift for that special Hyundai owner in your life?

All of the products in our **Parts and Accessories Department** are of the finest quality, just as Hyundai owners have come to expect.

So, why not stop by today?

## PARTS & ACCESSORIES SPECIAL

Purchase any part or accessory at our retail parts counter and receive...

# 10% OFF

Must present coupon when order is written.  
Cannot be combined with any other offer. Hyundai vehicles only.

## DEALER RECOMMENDED SERVICES

### **Transmission Service**

Using a state-of-the-art equipment, one of our specially trained technicians will:

- Use a safe and effective cleaner to dissolve and suspend the varnish and gums in the transmission, valve body, torque converter, pan, filter element, transmission lines and transmission cooler.
- Rid the entire unit of all old fluid and suspended debris and install new ATF of the proper specification.
- Fortify the new fluid with seal conditioners, oxidation inhibitors and shift improvers.
- Road test your vehicle.

Automatic transmission fluid before (left) and after (right) service.

Valve body spool with heavy deposit build-up.

Valve body spool after BG Transmission Service.

Rack and pinion

### **Power Steering Service**

One of our skilled technicians with specialized equipment will:

- Use a powerful cleaner to dissolve and suspend the varnish and gums in your vehicle's power steering unit.
- Rid entire unit of all old fluid and install new high-tech fluid for both conventional sector and rack and pinion.
- Road test your vehicle.

Our BG Power Steering Service will:

- ✓ Alleviate steering squeal caused by sticking valves.
- ✓ Correct that "jerky" feeling on the steering wheel.
- ✓ Help prevent fluid leaks.
- ✓ Reduce wear.

Power steering spool valve with hardened, cracked seals.

Grooves are worn into the soft metal of the spool valve housing by hardened seals. Metallic debris from such wear accumulates in the fluid causing premature component failure!

### **Cooling System Service**

One of our specially trained technicians operating state-of-the-art equipment will:

- Remove rust, scale, sludge, and old coolant from your vehicle's entire cooling system.
- Restore coolant and necessary additives.
- Install special conditioners to protect your vehicle's cooling system.

Our BG Cooling System Service will:

- ✓ Balance coolant pH.
- ✓ Prevent foaming.
- ✓ Prevent overheating.
- ✓ Control rust and corrosion.
- ✓ Extend coolant life.

Rust, scale and sludge can plug cooling system fins, preventing proper circulation of coolant.

Severe corrosion can occur when additives that protect the cooling system have been depleted.

### **Engine Flush Service**

**Service Need:** High engine temperatures caused by heavy stop-and-go driving conditions lead to thermal breakdown of engine oil. Not all of the oil is removed during a drain-and-fill oil change. Deposits are left behind and form sludge and varnish in the engine resulting in smoke from the exhaust and increased oil usage.

**Solution:** A BG Power Flush Machine safely and effectively cleans and removes oxidized particles and fluid contamination left behind from previous oil changes. Install new oil and filter along with BG MOA® to fortify new oil for optimum performance and engine protection.

Our BG Engine Flush Service will:

- Improved engine compression
- Increased power
- Increase fuel economy.

**Dear Friends,**

Welcome to the Service, Parts and Quick Lube Departments of Ruddell Hyundai. It is our stated policy to treat every visitor to our dealership as an honored guest in our home.

Every day. Every time. Without fail. No exceptions. At Ruddell Hyundai, we want to make your service experience as trouble-free as possible. We hope this maintenance guide will assist you in keeping track of your scheduled maintenance and when it should be performed. It is provided as a guide to assist you in getting the greatest ownership value from your Hyundai vehicle, while helping to maximize its performance, safety and reliability.

If you ever have a question about anything, please do not hesitate to ask. We assure you that a member of our staff will be more than happy to handle your concern.

We look forward to seeing you again soon!

## CHECK OUT THE ADVANTAGES OF SERVICING YOUR VEHICLE AT **RUDELL HYUNDAI**:

## DEALER RECOMMENDED SERVICES

### **BG** Fuel/Air Induction System Service

Utilizing specialized tools, one of our trained technicians will immediately:

- Clean fuel injectors.
- Clean throttle body.
- Clean plenum and air-intake.
- Clean intake valves and ports.
- Remove combustion chamber deposits.
- Correct balance of fuel and air in system.

Our BG Fuel/Air Induction System Service will:

- ✓ Reduce emissions.
- ✓ Restore horsepower.
- ✓ Increase fuel economy.

*Intake valve  
with heavy deposit  
build-up.*

*Intake valve  
after service.*

### **BG** Brake Fluid Service

*Harmful deposits and varnish  
build-up—resulting from worn-  
out, oxidized brake fluid—are  
apparent on this brake master  
cylinder piston assembly.*

One of our skilled technicians will check the condition of your vehicle's brake fluid and, if necessary:

- Remove contaminated fluid from the entire hydraulic system.
- Replace the old fluid with Ultra-Dry BG DOT 3 or DOT 4 Brake Fluid, which is proven to prevent corrosion.

*Brake fluid before (left) and  
after (right) service.*

The entire brake system will be inspected for leaks, master cylinder corrosion, worn pneumatic parts, harmful varnish build-up, broken or rusted bleeder valves, worn rotors and drums, and air in the brake lines.

### **BG** Lubrication and Fuel Deposit Control Service

One of our skilled technicians will:

- Change engine oil and filter
- Lubricate chassis
- Top off fluids
- BG MOA®, a top-quality engine oil additive that fortifies oil, providing for optimum engine performance and long-lasting engine protection.
- BG CF5™, a unique high-tech formulation designed to provide deposit control throughout the fuel system and maintain "like-new" engine performance.

*BG MOA® prevented oil  
oxidation and kept the engine  
clean throughout a 240-hour  
triple-length Sequence IIIIF  
engine test.*

*Intake valves in test engine  
were dirty after 3,000  
miles/4,800 km of driving.*

*Intake valves were spotlessly  
clean after one tankful  
of fuel using BG CF5™  
in the fuel tank.*
